## Candidate for Presidential Elector

### MY STORY

---

At the age of 17, I saw Ronald Reagan run for President and I watched as my North Carolina born parents, both Democrats who supported Jimmy Carter in 1976, began to open their eyes to conservative Republican principles as I shared with them my firm belief in Reagan. Since that time, they became life-long Republicans, as did I. As a matter of fact, my son is named Reagan.

Former Republican Virginia Senator, the late Herb Bateman, convinced me to get involved and make a difference rather than sitting on the sideline complaining. For the past 43 years, I have been doing just that.

### POLITICAL INVOLVEMENT

I first joined the Henrico County Republican Committee in 1981 and remained involved, including serving on the Executive Committee and as Vice Chairman until moving to Goochland, VA in 2020.
